******* IMPORTANT CAMBERSHIP INFORMATION *******

Dear Parent/Guardian(s) of a Potential 4-H Camper:

Supporters of the 4-H Camp program donate money to the Lane County 4-H Leaders' Association. This money is then offered as camperships. At this time we cannot guarantee the amount of the camperships or how many we will be able to provide.

The OSU Extension Service - Lane County 4-H Campership program selection will be based on:

1. Lane County resident first time camper.
2. Financial need of the camper's family.
3. Completed camp registration form.
4. Completed campership application.
5. Families with more than one camper must send in a separate registration form and campership application for each camper.
6. Full deposit of \$150 must be paid with registration form.

Priority will be given to qualifying campers who have returned a completed campership application and camp registration form with a deposit before Monday, July 26th, 2010. After July 26th, if campership money is still available it will be given to campers who meet the above requirements on a first come, first served basis. Some larger camperships may be available for a few campers with unusual financial need.

Parents, who need additional time to pay their camper's fees in full, should contact the 4-H office rather than applying for a campership.

If you have any questions or concerns please contact Denise Ashley at the 4-H office at denise.ashley@oregonstate.edu or 541-682-7305.

Return your application to:
4-H Campership Application
