This just in!

Dear Village School Friends,

Would you like a quick and easy way to help your school set up The Village Kitchen for school food service?

Curtis Restaurant Supply has set up a registry of all the items the kitchen needs to be up and running in two weeks.

You can visit the store in Springfield at 555 Shelley Street or call at 541-746-7480 and let them know you are ready to help The Village Kitchen.

Russell will pull up the list and you can choose from a rainbow of lunch trays, bowls, cups, pots and pans or larger items. The business owner is giving customers for the school a special discount. He is also keeping track of everything and will deliver all items purchased to the school next week.

Items range in price from .77 per cup to over \$2,000 for the commercial size stand mixer. Every item on the list is needed.

Feel free to share this message with your extended family and friends. We have also posted it on The Village Kitchen Facebook page and on The Village Kitchen blog.

Any questions, call Toña Aguilar at 541-510-8604 or Stacey Black at 541-913-9424.

Also attached to this email message is the list of items for your perusal.

Thank you for your support of The Village Kitchen!
