Hiring Manager
Agency Human Resources Department

Dear Hiring Manager:

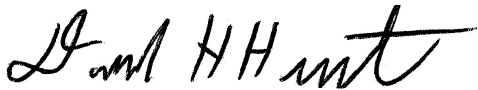

Thank you for considering me as an applicant to your company. As a brief introduction, I am an outgoing, motivated and highly self-sufficient individual. I learn new skills quickly and I am quite adaptable to new situations and environments. I am open to traveling for work and I was born and raised in Miami. As you will see from my attached resume, I attended the University of Florida. I also received an LLM in Tax Law with an International Certificate from the University of Miami after I earned my JD and MBA from Golden Gate University in Downtown San Francisco.

I serve as the web-master for the Greater Miami Tax Institute and have been solo and independent for some time working as an attorney and real estate broker. I am returning to the salaried workforce and your company is my choice for a new direction with my career.

I was briefly involved with a charter school in Kissimmee that dealt with high school aviation. I was their board chair and house counsel. I volunteer coaching cheerleading at Palmetto Middle and High School, Coach the Mock Trial and We The People teams at Miami Killian Senior High (my alma matter) and do other activities in the community such as working with the Boy Scouts of America as my current significant other's son is in Troop 711.

I truly believe that to judge one's character an in person face to face meeting is best. I would be happy to do my favorite suite and come down for an interview at your office. I would also be happy to do any pre-application background checks, drug tests or other requirements as needed. I look forward to hearing from you.

Sincerely,

Daniel H. Hunt, Esq.
