Beyond Mediation Forum: Interdisciplinary Collaborative Practice, Coaching and Limited Scope Representation

May 28
Online Mediation Training for Youth and Schools
Jim’s Questions

1. Is there an “online mediation curriculum” that ALL mediators should now reasonably know? How do we best define and implement this?

2. How can we now most effectively train mediators online? (both “online mediators” & “face-to-face mediators”)

3. Can a mediator achieve all required training online? Must this training be “live” or might some or all be recorded?
