To Whom it May Concern:

It is not easy when faced with separation or divorce. Even during the years after the divorce, the relationship must be maintained in a way that promotes an open and fair way of dealing with issues that arise over children and finances. Steve Rosenberg has provided me with excellent facilitation services in just such circumstances. This is by far the preferable approach in contrast to the legal system. His approach is to maintain relationships.

I have appreciated his services. I would encourage anyone to try the mediation alternative.
