Dear Steven:

I am writing to thank you for your assistance in mediating a matter in which I represented one of the many defendants. I appreciated your active involvement in the process and your innovative suggestions in resolving the dispute. Your ability to keep the parties "on track" was essential to resolving what would have been a costly litigation for everyone involved. Again, thank you for your help and I hope to be working with you in the future.

Very truly yours,

Richard H. Poulson
